CUSTOM SCANNING

RAW SCANS

Choose the economical and time-efficient option— We do your scans, and you do the Photoshop work at home. Get high quality archive scans with basic color and density correction. Raw scans are done on our Nikon, Epson, or Imacon scanners depending on your final output needs. Final files are saved as 16-bit/RGB/Tiff on disc.

MASTER SCANS

To obtain the best quality, highest resolution archival scan, we recommend our Master Scanning Service. Drop off your images, and our lab staff will take care of the rest. We correct color and density on our calibrated CRT monitors, and ensure each image is dust-free. Scans are done on our Imacon scanner, film formats up to 5x7 and flat artwork up to 8x12. Master Scans are saved as 16-bit/RGB/Tiff with layers, as well as an unadjusted Raw file.

Please ask about discounts on scanning services for large quantity orders.

MURAL PRINTS

RayKo can create exhibition-quality mural prints from your original color or black and white negatives of any format up to 8x10. Murals are printed to your specifications and are carefully dodged, burned and corrected for contrast or color to get the most from your negative. Please submit a guide print when placing your order. We can also provide an 11x14 proof print for an additional fee.

COLOR

Your color negative will be printed to our exacting standards with all necessary density and color correction, and with a sensitivity to your personal color palette. All prints are made borderless on Kodak Supra Endura N Surface (matte) paper. If no guide print is available, we will generate a proof for your approval (additional fee applies).

50 x 70	\$455	\$160

BLACK AND WHITE

Our fine silver-gelatin mural prints are lovingly hand-processed and can be made from any size negative up to 8x10. Don't be afraid to blow up that 35mm Tri-X negative to the size of a minivan! Our Durst Laborator condenser enlarger renders every film grain with the crisp precision that nature intended. All black and white murals are printed on Ilford Multigrade paper. Toning is also available. Maximum print size is approximately 50x96.

Additional prints are 75% of first print price. Other paper types may be available.

MOUNTING

Our services are limited to RayKo print customers as an extension of their work with us. Turnaround time is 7 business days. Rush charges are 50% for 3 day turnaround, and 100% for 1-2 day turnaround. Backframes for prints under 30x40 are available for \$60/image. Square foot pricing applies to print sizes above 11x14. Bulk discounts are also available.
